

THINGS TO DO WITH YOUR FAMILY AND FRIENDS

WRITE A WINTER ADVENTURE STORY

It's time to create your own winter adventure! Close your eyes and think about winter - what do you see?

Choose your character, a setting and let your imagination do the rest. You could tell your story with pictures, writing it down, or even as a comic strip.

DESIGN YOUR OWN BOARD GAME

Use recycled materials (cardboard, milk tops, egg cartons) to design and make your own board game! Decide on an idea and write a list of the pieces you will need to make. You could even write a rule book to help explain your game to others!

HAVE A WINTER CAMP-IN

It is too cold to sleep outside at this time of year, but there is nothing stopping you bringing the outside in. Why not put up a tent or make a fort to snuggle up in...hot chocolates are a must!
